

Questionnaire Development & Validation Workshop

13th - 15th July 2017

LIMITED TO
30 SEATS
ONLY

Speaker: A/Prof Dr Mohd Ayub Sadiq @ Lin Naing, Universiti Brunei Darussalam
Venue: ICT Computer Lab, Level 1, Sarawak Heart Centre, Kota Samarahan

Overview

Questionnaire study is one of the commonest study designs used by clinical researchers in Malaysia. Furthermore, most questionnaires were developed in English speaking countries. With the increase in the number of multinational and multicultural research projects, the need to use and to adapt questionnaires has grown rapidly.

The cross-cultural adaption of health status self-administered questionnaire for use in new population, country and/or language necessitates the use of a unique method, to reach equivalence between the original source and target versions of the questionnaire.

The items must not only translate well linguistically but should also be adapted culturally to maintain the content validity of the instrument at a conceptual level across different cultures. In Malaysia, the dilemma faced by researchers like in the field of child and adolescent psychiatry and paediatrics are the availability of validated questionnaires.

Without validated questionnaires, conclusions from these researches are questionable.

Objectives

Upon completion of this workshop, participants should be able to;

- ◆ To understand the principle of validation of Questionnaire
- ◆ To learn and understand the methods of conducting the validation of questionnaire
- ◆ To acquire skills in designing questionnaire for clinical studies

Workshop Outline

LECTURES

Overview of Questionnaire Validation
Reliability Analysis
Validity Analysis

HANDS-ON SESSIONS

Questionnaire Design
Pretest
Pilot Study
Reliability and Validity Analyses

Who Should Attend?

- ⇒ Medical and Health Professionals
- ⇒ Researchers who use questionnaire in clinical work or research

Forward your registration or enquiries to:
Zuriah Sarkawi / Sim Kian Tong

Organiser

In collaboration with

Workshop Program

Day 1 (13 July 2017 - Thursday)

Registration

Opening / Introduction

L1: Overview of Questionnaire Validation

- Tea break -

L2: Reliability Analysis 1

- Lunch -

Hands-on Questionnaire Design (Group Work 1)

Day 2 (14 July 2017 - Friday)

Registration

L2: Reliability Analysis 2

- Tea break -

L3: Validity Analysis 1

- Lunch -

L3: Validity Analysis 2

- Tea break -

Hands-on Pretest (Group Work 2)

Day 3 (15 July 2017 - Saturday)

Registration

Hands-on Pilot study (Group Work 3)

- Tea break -

Hands-on Reliability and Validity analyses
(Group Work 4)

- Lunch -

Attendance is compulsory for the whole duration of the workshop.

Registration Fee

Questionnaire Validation Workshop	MOH Staff	Non-MOH Staff
Registration Fee	RM 480.00	RM 580.00

The course fee includes certificate, workshop materials, refreshments and lunches.

Payment Details

*Payment must be remitted latest
by 30th June 2017 made payable to;*

LOGOS BIOMED SYSTEMS SDN BHD

Company Reg ID: 836019-H

RHB BANK BERHAD

(Jalan Simpang Tiga Branch)

Account No: **21114600014339**

We reserve the right to cancel the workshop without liability other than return of the registration fee.

Forward your registration or enquiries to:
